VOLUME XXXV NO. 10

CROSSFIELD, ALBERTA, CANADA, THURSDAY, JANUARY 30TH 1941

5 CENTS A COPY

Dr. Joseph Sirole, former chairman of the Royal-Sirois Commission on Dominion-Provincial relations, who died in Quebec last week at the age of 59.

BURNED MONEY

Thinking the oven a good hiding place for \$300 given her for safe keeping, a woman of Black Diamond placed the bills in it and a day or two later, forgetting the money, lit the oven. When the smell of scorching bills drew her attention, she found \$14 to be a total loss while \$118 was a badly singed but can be replaced. The remainder was undamaged.

ADVOCATE PEG PRICE OF 85 CENTS FOR WHEAT

A minimum price of 85 cents a bushel will be guaranteed for the next crop year, it is reported from Ottawa following the conferences held there during the last week. This would mean an additional 15 cents a bushel over the 1940 price.

GREEK PREMIER DIES

Premier John Metaxas, dictator of Greece for nearly five years, died on Wednesday from a throat ailment. King George immediately proclaimed Alexander Korizis, governor of the National Bank of Greece, as successor to Metaxas. In addition to being premier, Korizis will hold the same portfolios Metaxas held—foreign affairs, war, aviation, navy and education. All members of the cabinet continued in their old positions.

Lorraine gave France Joan of Arc. The Cross of Lorraine is on the flag of De Gaulle. It will take more than mass deportations to make Lorraine other than French.

Russians soldiers henceforth will manufacture their own underwear, knapsacks, horseshoes and kitchen utensils, in order to relieve industry of the burden. The Italian soldiers of course are different; the only things they make are tracks and mistakes says the Toronto Star.

In a recent speech, Hitler said: "I have no responsibility for this world war". This has a ring as though he were preparing his defence for the trial he fears is becoming imminent. Prague, Warsaw or London would all be fitting places in which to hold it.

Look at the label on your paper. It tells when your subscription is paid up to.

LOCALS

E. Springsteen is able to be out again after three weeks of flu.

Mr. Clemens was a business visitor in Didsbury on Tuesday.

Almour Marshall is confined to his home with an infected throat.

Miss Gladys Billings is leaving Friday to spend a week or two at her home in Delia, Alta.

The annual meeting of the Village is called for 8 o'clock sharp Friday night in the Fire Hall.

Joe Ellison, who is attending Technical School in Calgary, is at home here this week suffering a sore throat.

Mr. and Mrs. D. W. Carmichael entertained a number of friends at a dinner party prior to the Board of Trade dance Friday night.

The Junior Group C.G.T. have arranged something just a little different for Saturday afternoon when they will serve a Waffle Tea.

After being confined to her home for the past month through illness, Mrs. A. D. Currie is able to be around again.

The local Red Cross annual meeting is being held in the U.F.A. hall on Friday night. Speaker, Lt. Col. D. G. Tomlinson.

Among those attending the hockey game in Calgary Wednesday night were Mr. and Mrs. M. J. Huston, E. Kinsey, Geo. Lim, Geo. McDonald and Fred Heywood.

Mr. and Mrs. J. P. Methers had as their guests during the weekend their son-in-law and daughter. Mr. and Mrs. W. W. Donaldson of Drumheller.

Lorne Sharp, who is stationed at No. 1 wireless school, Montreal, writes that he likes his work and is getting along well, having been promoted to Leading Aircraftman.

The regular meeting of the United Church Ladies' Aid will be held in the church parlor next Wednesday afternoon, February 5, at 3 o'clock.

THIS IS THE WAY OF THE NAZIS

Extracts from Hitler's Own Statement of Aims and Methods.

"The Nazi objective for Germany must be a peace founded by the victorious sword of a people of overlords, which puts the world into the service of a higher culture."

"The State in its organization must be built upon the principle of personality. There must be no decision by majority. ONE MAN DECIDES."

"Select the adversary; and on a given signal bombard him with a regular drum-fire of lies and calumnies. Keep it up until the nerves of the other side break down. Repeat the same performance over and over again."

"The mentality of the people is not sensitive. The masses would sooner be dominated. Of the bare-faced intimidation practised upon their minds or the violent outrages committed upon their human liberty, they are not conscious."

Banff Queen

The third American girl to become Queen of Banff's Winter Carnival, Miss Catherine Betts, of Spokane, Wash., was selected to reign over Western Canada's great winter sports festival, because of her good sportsmanship, natty attire and proficiency at sking, snowshoeing, ski-joring and skating. "Queen" Catherine's first official act was to proclaim that the dates of this year's carnival at the mile-high resort would be from February 15 to 16.

LOCALS

Eugene Wickerson was a visitor in town Monday for the first time since his accident last fall. He is looking well, only thin yet, and his many friends are glad to see him so fully recovered.

Only about thirty couples braved the extreme cold on Friday night to attend the Board of Trade dance. Those who attended had an enjoyable time, with good music and lunch.

H. E. G. H. Scholefield fell on an icy street in Calgary last Friday and fractured two ribs. He is in the General Hospital where he is doing nicely. Mr. Scholefield lived here for a number of years but is now residing in Calgary.

It has been brought to the attention of the authorities that some small boys have been taking what does not belong to them and selling same. Citizens are asked to be careful in their purchases from children so that they are not encouraged in wrong doing.

We are pleased to report that Corporal D. Cameron, who underwent an operation for the removal of appendix and gallstones on Monday last in the Colonel Belcher hospital, is doing as well as can be expected.

HOCKEY

A fair-sized crowd were in attendance to see the local pucksters again prove victorious when they took the long end of a 6-0 score in a postponed league game with Olds Monday night on Crossfield ice. Despite the absence of Jack Fleming and Clarke McMillan from the local line-up, passing plays that really clicked, together with fast rushes and some smart net minding on the part of goaltender Hall, accounted for the one-sided victory.

The next league game here is scheduled for tomorrow, Friday, night against Innisfail but, unless the weather turns cold, it will have to be postponed.

Howard P. Wright, of Airdrie, re-elected president of the Alberta Seed Growers for the 6th year.

Mild Weather Defers Bonspieil

Local curlers are regretting the very mild weather of this week which necessitated indefinite postponement of their annual bonspieil that was to have commenced last Monday. John Becker, rink manager, had the ice effectively decorated for the occasion. Inlaid in colors in the ice around the buttons were Union Jacks, a Maple Leaf and cross, with the wording "We're Proud of Canada" and "There'll Always be an England".

Anglican Junior Women's Auxiliary Annual Meeting

The annual meeting of the Junior Women's Auxiliary was held at the Rectory on January 27th. The reports of work accomplished during the past year were most gratifying and the superintendent, Mrs. Currie, thanked all members for their work and loyalty to the organization. The election of officers for 1941 resulted as follows: Superintendent, Mrs. Currie; President, Maxine Reeves; Vice-president, Doris Patmore; Secretary, Patsy Stevens; Treasurer, Doreen Bills; Dorcas Sec., Alice Huston; Thankoffering Sec., Raymond Patmore; Flower Sec., Shirley May Reeves. Mrs. Currie also expressed her thanks to the parents of the children who encourage them in their interest of the missionary work.

THIRD GRADE GAS MAY BE DISCONTINUED

It is reported that a plan is being considered to abolish the sale of third grade gasoline in Alberta, to make it possible to introduce the sale of colored gasoline without added expense to the oil industry. By discontinuing the sale of third grade gas, the tanks now used for it could be used for the colored product.

DAVID MALLOCH

David Malloch of Airdrie, member of the Crossfield Old Timers' Association, died in a Calgary hospital last Friday. Funeral services were held in Airdrie United Church on Tuesday afternoon conducted by Rev. Mr. Ball.

Mr. Malloch was a brother of Mrs. R. Patmore of Crossfield.

Getting Used to That Sand and Sun

A newly arrived detachment of British soldiers in Egypt swing out from camp on one of their "toughening" route marches. It is these men who have enabled their quick-thinking, quick-moving commander, Lt.-Gen. Sir Henry Wilson, to turn the Italian campaign into a fiasco. They soon became accustomed to the sun and sand.

SCHOOL BOARD SHOWS ADVANCEMENT—

The Crossfield School Board is to be congratulated on another year of efficient management, the splendid equipment and teaching staff of the local schools.

The Board has been alert to the need of efficient modern appliances and accommodation for pupils and school staff, so that only the best results may be obtained. During the past year a new school was built and considerable new equipment installed for the advancement of education here.

The financial statement for 1940 is exceptionally good, showing assets of \$36,192.69 with liabilities of only \$4,715.76 which includes the new school.

The entire school district set-up is working smoothly and, as past records show, very efficiently.

THOSE AIRPLANES—

We feel quite up-to-date these days with our quota of airplanes flying back and forth over the district. The hum of the motors brings to mind that over the ocean Democracy is threatened and with the aid of the boys now flying overhead training, Democracy will come through—and finally will dawn a better day when the forces of evil are banished from the paths of civilization.

FROM FAR AND NEAR COME GIFTS TO WAR CAUSE

Freewill gifts to Canada's war cause range from far and wide. The Lion's Club of Albuquerque, New Mexico, sends \$2 to "buy a half dozen screws for that Spitfire of the Canadian Government". Another resident of Albuquerque sends a dollar. From Portland, Me. comes another dollar. Two Canadians in Memphis, Tenn. forward \$100; a lady in Eugene, Ore., \$10. Employees of Robert Mitchell Co. Montreal, contribute \$2270.75. A five dollar bill, picked up on the office floor of the Daily Times Journal of Fort William (the owner could not be found) helps along the War Fund. The British Columbia division, Canadian Institute of Mining and Metallurgy, cut down expenses of their annual meeting and sent along \$600.

AIR CALVARY WIN THEIR SPURS

Polish Fighter Squadron Down
120 Nazi Planes

One hundred and twenty out of 300 German airplanes brought down by Polish airman in the Battle of Britain have been destroyed by the "303 Fighter Squadron," the "Warsaw Kosciuszko formation" named after the capital of Poland and the great patriot of the XVIIIth century.

The Polish Air Force in Britain is repaying the Nazis for the tragic fate of Warsaw and the Polish cities destroyed in the September, 1939, campaign. The Poles fight over Britain as they fought over their own country: they go on with the unfinished Battle of Poland. They have a natural gift for flying. (Born horsemen, the Poles are cavalry of the air, proud to ride those British thoroughbreds, the Hurricanes and Spitfires.

I saw a Polish pilot kiss the wing of his fighter, after a successful battle. The Poles care for their

machines' talk to them as if they were living creatures. The man and the plane is one—that is the secret of the Poles' prowess in the air.

RAMMED THEM—

In the Polish campaign the Poles had only 15 Fighter Squadrons with fairly out-of-date machines—yet 500 German planes were shot down in the air over Poland. The Polish pilots often rammed the German planes bomber, sacrificing their own lives rather than allow the enemy to escape.

From Poland the pilots made to France, but shortage of equipment prevented them from flying. Those who were fortunate enough to reach Britain were soon presented with a new opportunity to fight the Nazis. They took the air in August and distinguished themselves in the September air battles. Within a week they bagged 70 Nazis.

One of the exploits of Polish fighter-pilots is that of a sergeant who in the course of a battle over Dover, found a Messerschmitt 109 sitting on the tail of a British machine. He fell in at the rear and shot the German down before he had time to fire. The German crashed and burst into flames. The Pole's bag was five machines in the day. He was later decorated with the D. F. M., the first Pole to receive the honor.

CAUGHT FIRE—

An officer who brought down five German planes in Poland and four more since he reached this country was wounded, when he baled out after the destruction of two Dorniers over London.

"The German bombers were flying in open order, with an escort of fighters," he related. "I made for the bombers and hit one of them. It caught fire and went down, breaking up in the air. I still had some ammunition left and I did not like the idea of returning to my base with it.

I saw four bombers some distance away. I sailed into attack and damaged one of them. I decided to polish him off. As I was attacking I felt a severe jolt, with pain and numbness in my right leg and arm. My machine went in a spin. I managed somehow to get out of the cockpit and came down with terrific speed. I do not remember how I found the ripcord and tugged. The parachute opened and I landed safely."

BEER

IS A POPULAR DRINK!

No other beverage can so justly be said to meet the taste of the great majority. For beer is a grand drink—a drink that offers companionship when you're alone... stimulates friendship, and adds a sensible, economical flourish to the hospitality that graces your home.

Air Raid Horn Heard in Montreal

Photo Montreal Standard

MONTREAL citizens were warned last weekend that the time has come for them "to prepare an air raid shelter" in every home, by Assistant Director Charles Barnes of the Montreal Police Department and organizer of the "CCPC" Civilian Protection Committee (15,000 strong).

Above, Director Barnes, and William Fair of the Northern Electric Special Products Division, on the roof of the Company's building, test the Diaphone Horn, twenty-five of which spaced a mile and three-quarters apart on roofs that have been selected, would adequately cover the metropolis. These horns can be heard over an area of four square miles, but to overcome normal sounds within offices, stores, factories, homes and public conveyances, etc., sites half that distance apart have been chosen as a result of many tests.

These horns being operated by compressed air, a reserve supply is available to offset danger of power failure.

ALBERTA'S CHEESE INDUSTRY

The cheese industry in Alberta made very marked advancements during 1940. Eighteen cheese factories, located at various parts from Mountain View in the South to Crooked Creek in the Peace River, manufactured 2,700,000 pounds. This figure represents the highest production in the province, and is an increase of 23 per cent. over the 1939 production.

Due to increased demand for export purposes, the average prices for cheese were approximately two cents higher in 1940 than the previous year. While no cheese from Alberta was exported to the United Kingdom, increased production here liberated an equal quantity of eastern cheese which formerly was required to supply this market.

"THE TASK WILL BE GREATER IN 1941 THAN IT HAS BEEN IN 1940

**...it is going to demand more effort,
more sacrifice and far more change
in our daily lives . . . "**

RT. HON. W. L. MACKENZIE KING

(NEW YEAR'S EVE, 1940)

ALREADY the pattern and pace of life in Canada have undergone a profound change. Gaps in employment are rapidly filling up. Some 350,000 Canadians who were unemployed before the outbreak of war are now employed. Another 200,000 are with our armed forces. Factories, which until recently were turning out goods for civilian consumption, have been transformed into humming arsenals, pouring out instruments of war. Night and day shifts have become the rule rather than the exception. But the peak of effort is not yet in sight.

In 1941 still more factories will switch to war production . . . new plants will be established, thousands more will be employed. This rising tide of activity must continue until we reach the flood of effort when every Canadian will be employed and working to his utmost, every possible square inch of plant will be utilized, every wheel will be whirling in the race we are waging against time and the enemy.

More men are working . . . working longer hours . . . making more munitions . . . earning more money . . . producing more goods . . . putting more money into circulation. Most Canadians are sharing in this increased national wealth — have extra dollars in their pockets.

The effort the Prime Minister calls for is gaining momentum, but many Canadians, as individuals, have not yet felt the real pinch of sacrifice.

Canadians of all classes are sharing tax burdens, but it must be admitted that up to date the larger part of the money needed for Canada's war effort has come from business firms and individuals with large incomes. They are paying high taxes. They have already invested heavily in War Loan Bonds.

This is not enough. The plain truth is that Canada's rapidly expanding production for war purposes will require increasing sums of money. That is why the Prime Minister warned Canadians in his New Year's broadcast that the year ahead demands more effort and more sacrifice.

Every man, woman and child is asked to lend. Every dollar you lend will help to put another man in a job . . . making more munitions. Every dollar you lend may save a soldier's life . . . help to shorten the war. Small wage earners must carry their share of the burden, too.

No one need go without necessities, but you are urged to forego the purchase of unnecessary articles . . . however small the cost . . . no matter how well you are able to pay for them . . . which take labour and material away from the great task of providing goods needed to win the war.

This is your war. Everything you have . . . everything you believe in . . . is now at stake. This is a message to you . . . a challenge to every Canadian . . . a call to the colours . . . a call for volunteers.

Be sure to make provision to pay your Income Tax — payment is made easier by the new instalment plan. But be prepared to do more — budget your earnings to make sure that you will have money available to buy War Savings Certificates and to subscribe for War Loan Bonds. You will help Canada — you will help yourself.

W. L. Mackenzie King

Minister of Finance

WORK-SAVE-LEND- *for Victory*

1-W

INCOME TAX BY INSTALLMENT

For the first time in Canadian history, income tax payers will be given the opportunity of meeting their payments on the installment plan, without interest, according to an announcement by the Income Tax Division of the Department of National Revenue. This is an important step, because income taxes now affect a greater number of people than ever before. Nearly one million Canadians must pay income taxes this year, and this

new plan has been devised to assist not only the new taxpayers, but also those who have been paying the tax for some time, and whose taxes have been materially increased. It also will assist the taxpayer to continue purchasing war savings certificates and war bonds.

The plan is quite simple. The first thing to do is find out if you are one who pays the tax. If you are single and without dependents and your income in 1940 was over \$750 you pay income tax. If you are married without other dependents than your wife, and your income in

1940 was over \$1500 you pay general income tax. If you are a married person and have children, you are allowed an exemption of \$400 for each dependent in addition to the \$1500. It must be remembered that payment of National Defence Tax does not provide an exemption from your income tax.

To make payment of income tax as small a burden as possible the government has arranged an installment plan spread over an eight month period. To take advantage of this new plan the first installment must be paid on or before

January 31st. One third of the estimated tax may be paid in four monthly installments, the remaining two thirds of the tax payable in the second four months.

The Income Tax Division of the Government has given considerable thought to this new easy payment plan. Spread over so many months the tax does not become a burden to the taxpayer, and it provides an opportunity for all citizens to further co-operate with the government war effort by the regular purchase of war savings certificates and of war bonds as they are issued.

ALL IN A LIFE TIME!

"You just can't trust anybody nowadays. Whv, my own grocer gave me a phoney quarter in change this morning."

"Let me see it."

"Oh, I haven't got it any more. I gave it to the milkman."

Judge: "You're a danger to pedestrians. You're not allowed to drive for two years."

Defendant: "But, your honor, my living depends on it."

Judge: "So does theirs."

The World of Wheat

By H. G. L. Strange

The Sirols Commission Conference has broken down. It is expected it will be resumed next spring.

It seems to me that in the interim the Commission's recommendations might be explained to the people at public meetings, for it does not appear that many really understand what the Commission actually recommended.

Many believe that the Commission was asked to make such recommendations as would even up the economic disparities that have been caused by Federal policies such as the Canadian high tariff policies of recent years. That is not so. The Commission was only permitted, by its terms of reference, to recommend such changes in government financing as would help Provincial Governments in distress to carry on with their work of providing services to the people.

The recommendations will not lower materially the cost of the things that Western farmers have to buy, nor will they help to sell one additional bushel of wheat. The recommendations would certainly however, help our Western Governments to finance their expenditures, and so of course incidentally would help our farmers, but the recommendations do not solve our great underlying need—the necessity of lowering tariffs so that our farmers can buy cheaper goods and sell more wheat.

Following factors have tended to raise price: Crops in Turkey have suffered some losses from recent floods — Extremely cold weather is threatening crops in France — Argentina is reported to be negotiating for sale of wheat to Russia — Spain will receive wheat from Canada under commercial agreement with Britain.

Following factors have tended to lower price: Canadian Government estimates 1940-41 wheat crop in Prairie Provinces at 525 million bushels — Beneficial rains have fallen recently in Australia — 1940-41 wheat crop estimated at 50 million bushels above ten year average production — U.S. winter wheat crop in very satisfactory condition.

"How's this?" asked the lawyer. "You've named six credit men in your will to be your pallbearers. Of course it's all right, but wouldn't you rather choose some friends with whom you are on better terms?"

"No, judge, that's all right. Those fellows have carried me for so long that they might as well finish the job."

Kind Lady: "How would you like a nice chop?"

Tramp: "Dat all depends, lady. Is it lamb, pork, or wood?"

The annual meeting of the Crossfield Mutual Telephone Co. LIMITED

will be held in the Fire Hall, on Saturday Feb. 8th. Time 2 o'clock p. m.

T. TREDAWAY, Secretary.

Red Cross Society

The following wire has been received from the National Office: "Urgent demand for two-way mitts all colors including air force. All mitts and gloves greatly needed. Please press knitters to get these articles out in preference to everything else for next six weeks."

The Alberta Division made shipment last week of nearly 1,400 pairs of mitts and gloves for overseas, and request that Branches ask their workers to speed up their knitting and send in supplies to Calgary so

that further shipments may be made as soon as possible. The following news article shows the need for supplies at this time.

The urgent cry comes from England for as many woollen mitts as the women of Canada can send. Mrs. Wallace Campbell, National Chairman of the Women's War Work Committee of the Canadian Red Cross reported, "I know the women of Canada do not need either praise or encouragement in the work it is our duty to do," she said "but surely there must be great satisfaction for them in the comments we get from Britain on the wonderful quality of their work. I do urge every woman to consult her local Red Cross Branch on the need of various articles and to work with all the strength and might at her command."

Shortage of mitts in Britain is due to the fact that huge quantities of these articles are being handed out at eastern Canadian ports by the Canadian Red Cross to men of the British Navy who arrive in desperate need of clothing. In this connection, Mrs. Campbell urged even greater effort on the part of women with their knitting for the men of the seas.

HOSTEL SKI-ING POPULAR IN QUEBEC

"H"osteling is becoming increasingly popular with Canadian youth. Above are seen members of a party of "hostelers" photographed in the Canadian Pacific Windsor Station, Montreal, before one of three huge posters advertising the sale of War Savings Certificates. The party consisted of young people from Montreal, Toronto, Quebec, Hamilton and Philadelphia en route to spend the New Year holiday skiing at Iron Hill Youth Hostel near West Sheldford in the famous ski-ing district of the Eastern Townships in the Province of Quebec. At the hostels the young people are provided for by "house parents", in the case of the Iron Hill hostel, Mr. and Mrs. Tom Wilson. Mr. and Mrs. Fred Denton, chairman and secretary respectively of the Province of Quebec Youth Hostels Association were leaders of the party.
